a regord	and tank insignia. Twenty large vehicles completely covered with canvas were stunder the shed-roofs in the northern section of the installation. About 60 men received basic training in the barracks yard.  On 4 December.  On 4 December.  On 2 December.  On 13 November, about 70 soldiers wearing red-bordered black epaulets and carry rifles, luggage and a folded flag arrived at the resear railroad station.  Mield Comment. The present report precludes any occupation to barracks installations as the content of the present report precludes any occupation.	ery cored 25
a regord	under the shed-roofs in the northern section of the installation. About 60 men received basic training in the barracks yard.  On 4 December,  Con 13 November, about 70 soldiers wearing red-bordered black epaulets and carry rifles, luggage and a folded flag arrived at the relations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations as the linear report precludes any occupied to barracks installations are report precludes any occupied to barracks and carry precludes any occupied to barracks and carr	ery cored 25 a. 25 ing 25
a regord	and tank insignia. Twenty large vehicles completely covered with canvas were stunder the shed-roofs in the northern section of the installation. About 60 men reteived basic training in the barracks yard.  On 4 December.  On 4 December, about 70 soldiers wearing red-bordered black epaulets with tank insigning according to the present report precludes any occupied to the present report precludes any occupied to the present report at the present report precludes any occupied to the present report at the present report precludes any occupied to the present report at the therefore the question as to wheth the aforementioned regiment or the 95th Tank Regt of the 9th Tank Div is concert.	ery cored 25  a. 25  ing 25
e paged	and tank insignia. Twenty large vehicles completely covered with canvas were stander the shed-roofs in the northern section of the installation. About 60 men referived basic training in the barracks yard.  On 4 December:  The Bohnitzsch Kaserne was occupied to exactly by about 70 soldiers wearing red-bordered black epaulets with tank insigning red-bordered black epaulets and carry rifles, luggage and a folded flag arrived at the Fisser railroad station.  Field Comment. The present report precludes any occupation as the companion of the present report to indicate that only one tank regiment is quartered in the Bohnitzsch Kaserne and that therefore the question as to wheth the aforementioned regiment or the 95th Tank Regt of the 9th Tank Div is concernment be left undecided. The latter regiment appears more possible. Inspite of a source who, in mid-November, mentioned the occupation strength of this installations.	a. 25 ing 25 er ned nother
